

```
graph LR; main[main] --> droga_komi[droga_komi::trasa_najblizsze];
```

droga_komi::trasa_najblizsze

The diagram illustrates a function call. A box on the right labeled 'main' has a blue arrow pointing to a box on the left labeled 'droga_komi::trasa_najblizsze'. The 'droga_komi::trasa_najblizsze' box has a gray background, while the 'main' box has a white background. Both boxes have a black border.
